The Board of Community Sport Councils Ontario invites you to the 'kick off' meeting of the Sport in Ontario Collective on:

WEDNESDAY, JUNE 18, 4:30 – 6:30 PM EDT

WHY THE NEED FOR A CONVERSATION?

Several research reports on the state of sport have been published post-Covid, including the March 2025 CSCO Community Sports Sector SUSTAINABILITY REPORT. All reports have identified a need for change.

CSCO believes that:

- ✓ Change is possible but change is often too big for one person or for one organization.
- ✓ We need a more collaborative culture in sport for sport to do better.
- ✓ A stronger community sport system will result in a stronger Ontario sport system.
